All American Authorities on descendants of Capt. Robert Seeley claim Obadiah Seely of Stamford,Conn. as son.

There is no proof of this that can be found in America or England by this compiler.

That he came to America with Robert & Seely and his wife in I630 is undoubtedly correct and that he resided with them until he went to Stamford with Rev. John Davenport and others to Stamford in I642.

If he were an elder son,Robert Seeley must have had this son by a first wife before he married Mary Mason in London in I626..Obadiah may have been a close relative. If this compiler is correct in her opinion that the Isle of Shoals Seeley Men were brothers of Robert Seeley(see begining of Vol. I) Obadiah may have been a son of the relatives on the Isle of Shoals and went with his uncle to Conn.

As Obadiah Seely was a land owner ib Stamford in its settlement,proves he must have been of age ,or at least older than I2 or I3 years of age.

He married Mary Miller in Stamford abour I648.She was a young widow with three children at the time.

Being an older son with a step-mother,Robert Seeley may have bought land for him in Stamford & ~~sent~~ ~~and~~ sent him with Rev. John Davenport. as John Davebport had been Curate & Vicar of St. Stephens Church in London,England for a few years before coming to America. Robert Seeley sat under his preaching for eighteen year in all,including England & the Colonies. Indications are that he <u>might</u> have been a son of a first wife but he was a close relative otherwise. Proof of either has not been found. He named none of his sons Robert & Nathaniel named none of his sons Obadiah. When Capt. Robert Seeley went to England he gave power of attorney to his son Nathaniel. The custom at the time was to place responsibility in hands of eldest son.

Some authorities claim Mary Miller's maiden name was Angel & claim ~~this~~ this because they erroneously claim the wife of Robert Husted was Elizabeth Angel.

Elizabeth,wife of Robet. Husted was Elizabeth Miller,dau. of Lawrence Miller & Joanna(Smith) Miller,sole heiress of Angel Smith.

As in a legal document Mary (Miller) Seely is called "sister" & it seems as if Lawrence Miller & John Miller were brothers,sons of John Miller of Fromme,Dorset,England.

There is no possible way according to records that Obadiah Seely could call himself brother to Stevens except by marrying their sister. He had no sister himself for one of them to marry.Esther had no interest in her father's estate,being a girl,but had interest in her brother's estate. There was no way to make Obadiah Seely a "brother" in any other way.

Dec. 4th. I750 by deed of"JohnDrake of Goshen to Ebenezer Seely of Goshen."

In I748 John Alsop deeded to Ebenezer Seely,seven parcels of land in New Windsor,Orange Co. N.Y.

The first entry in the original book of Minutes calls Ebenezer Seely a "member of New Windsor Co." which opened for settlement about I750. Goshen,Orange Co. N.Y. extended the town from Hudson River to Sullivan County until I764 & then it was divided in half. The north county line changed in I798 and the north half of present Orange County was taken from Ulster Co. After the division in I764 the east half became Cornwall.

This explains places as named in the "New Windsor Co" & in Wills.

He was known a junior for distinction from his uncle,Nathaniel 3.

"Nathaniel Seely 4 son of Jonas Seely 3 was known as Nathaniel,Jr. He never married and was an idle,odd,courages old man."

In collection of Seely Data made by Dr. Charles Seely of Afton,N.Y. I884,it is stated, "Nathaniel Seely 4 son of Jonas Seely 3 unmarried."

The early settlements of Seelys - Hollys - Waterburys etc. was at & in vicinity of what is now Rowayton - Five Mile River - Norotan & Darien, called "Middlesex".

The farms extended up the road leading to New Canaan from Darien.

As the compiler can find no record of Eli Seely in Bedford between above dates and just prior to Revolutionary War it is probale that this is the Eli who left Bedford & bought property near his relatives in Stamford and there about.

This Eli must not be confused with the Eli who formed a company in Bedford to fight in Rev. War.

Letters to Bouquet. Haldimand Collection Br. Mu. P.298.

Philadelphia August 10th. 1759.

Dear Sir:

" Samuel Seely One of the Wagon Masters has informed me that the Drivers are not Allow'd to draw provisions Unless They'le Pay for it, This is so unjust as well as Unreasonable a Piece of conduct that I have Affirmed to Mr. Seely that I was sure you knew nothing of it. However I take this Method to inform you of it, And as this practice (who Ever Introduc'd It) has an Immediate Tendency to Injure the Service I make no doubt but you will Cause Justice to be done to the people, - for give me Leave to Say that your first Advertisement has these words Expressly Vizt. Provender for the Hourses to be provided by the Owners, & the drivers to be furnished with Provisions as the Kings Troops - And if you Consider the last Paragraph but One in those Advertisements you gave me, there id not the Least Hint that the people are to find provision for the drivers, neither do Hughes and Calendar find their Horse driver's provisions, and Other people Receive But the Same pay and therefore Ought to be treated in the same Manner.

However as I shall never be concerned in doing a dishonest thing knowingly I must Inform you that Unless Strict Justice is done the people by the General's Allowing for Carter's provisions time past, and Ordering them to draw for their provisions for the time to come. I must decline the Service & declare to the publick I have no hand in the plott.. I desire your answer by the first Oppertunity, And am sir

"The officers of this Regiment who served Col. Bouquet had in I764,at Bedford,made a written agreement to apply for a body of land.

Accordingly April 30th. I765 through a committee within the Province, they proposed to embody land at some distance from the inhabited part of the Province where,by theri industry they might procure a comfortable subsistance for themselves and by their Arms,union & increase become a powerful barrier to the Province.

They further represented that land thus far/puchased from Indians did not afford any situation conveinent for their purchase but the confluence at the two branches of the Susquehanna at Shamokin(now Sunbury) did: and they therefore prayed the Proprietors to make puchase and to grant them 40,000 acres of arable land on the west branch of the Susquehanna.

The puchase was made/by Thomas & Richard Penn at Fort Stanwix Nov. 5th I768. Feb. 3rd. I769 the committee obtained an order allowing them to take up 24,000 acres to be divided among them in district surveys on the water of the West Branch March I769

IX. Prudence bapt. Mch. 31st. 1754.

Seth Seely was a Loyalist in time of Revolution.He evidently had left Stamford to join the Loyalists on Long Island as in 1783 he,with his family,set sail from Long Island with company of Loyalists for Nova Scotia & his property and inheritance in Stamford were confiscated.

According to manifest of the transport"Union", Seth Seely & Seth Seely, Jr. were signed. He was accompanied by "wife - four children under ten years of age - three above ten years of age."

Walter Bates,who was on the "Union" has written as follows,

"And it seemed that God's Blessing attended us,selecting for us the best ship in the fleet for our comfort and by the best captain.With warm,Loyal feelings we all embarked with one mind on board the good ship Union. Capt. Wilson who received us all on board as father of a family. Nothing was wanting to make us comfortable on board ship, which blessing seemed providentially to attend us throughout.

The Union joined the other transport ships at New York and on the 26th. of April ,upwards of 2o sail of ships under convoy,left Sandy Hook for Nova Scotia , The Union was the fastest sailer & led the way for fourteen days arriving at Partridge Island Island before the other ships had come in sight. Next day,the IIth. of May,she was safely moored by Capt. Daniel Leavitt,the pilot,in the most conveinent situation for landing in the harbor of St.Johns. All in good health."

Walter Bates adds "that the passengers were allowed to remain comfortably on board Until some of their number had explored a place for settlement at Kingston and he contrasts their good fortune with that of other ships,the passengers of which were "precipitated on shore".

The contingent for the ship "Union" comprised most of the Loyalists at Lloyds Neck, Eaton's Neck (L.I.) and Huntington(L.I.)

The majority had come from Conn. but quite a number were from Rhode Island, New York & Mass.

Those Loyalists on the "Union" were under capable leadership & their settlement at Kingston was perhaps for this reason well organized.
